POPE'S DEATH REPORTED TODAY

Officially Contradicted After
Long Delay—Report Was
Flashed Over World

ARCHBISHOP IRELAND
HEARD NEWS BY CABLE

No Explanation of Long Silence
Before Report was Denied
From the Vatican

ROME, April 11.—An official denial that the Pope is dead was given to the United Press at the Vatican this afternoon, the denial being accompanied by the announcement that a searching investigation is being made to fix the responsibility for the message, alleged to have been sent from Madrid, falsely announcing his death.

The first intimation of widespread reports of Pope Pius's death reached Rome in inquiries from the United Press bureaus in New York, London and Paris. These were followed by inquiries from papers of the various European capitals. The reports caused the most intense excitement. Thousands flocked to the Vatican. For several hours admittance was denied because of the fear that the undue excitement would affect the Pope. The delay caused the belief that the report of his death was well founded.

Later when inquiries poured in from church dignitaries from all parts of the world, a United Press correspondent was summoned to the Vatican, and informed that the report was unfounded.

The pontiff today received Cardinal Della Volpe, Prince Borghese, Senor de Estrada, the Argentine minister to the Vatican, Senor Estrada's family, Count and Countess Jonghe, later greeting several foreign personages.

ITALIAN EMBASSY GLAD
REPORT WAS UNFOUNDED
WASHINGTON, April 11.—Monsignor Cheret, papal delegate, spent anxious hours before he was informed that the reports that the pope was dead was untrue. During the morning several thousand telegrams were received asking for information. The Italian embassy expressed joy that the report was unfounded.

Paris Hears Vatican Denial
PARIS, April 11.—The Rome bureau of the United Press telegraphs: "The Vatican denies unqualifiedly the Madrid report that the pope is dead."

London Cardinal Doubtful Report
LONDON, April 11.—Cardinal Bourne has received no word from Rome regarding the Pope's rumored death. His secretary today issued the following:

"We feel certain some error in the Madrid dispatch is responsible for the report that shocked the Christian world. It is inconceivable that Madrid should receive the report hours before all other papal legations."

No News in Los Angeles
LOS ANGELES, April 11.—Bishop Conaty of the Los Angeles and Monterey diocese, has received no reports of the Pope's death.

BOYS HIT HUMAN TARGETS
Practicing With New Rifle. They Put
Bullets Into Two Men Who
Are Dying

JERSEY CITY, N. J., April 11.—Two men are dying here, as the result of the rifle practice of Jersey City boys on the banks of the Morris canal. The two boys, Thomas Connors and William Ryan, are under arrest.

They went to the canal to practice with a 22-calibre rifle recently presented to Connors, who first aimed at an empty can floating in the water. The bullet went through the body of Anthony Saphine, at work on the other side of the stream. Ryan next tried a shot at a wheelbarrow on the opposite bank, and hit Antonio St. Pierre, making a hole in his right lung.

Francis J. Heney Analyzes
THE POLITICAL SITUATION

SAN FRANCISCO, April 11.—"Private telegrams from personal friends in Illinois," said Francis J. Heney in an interview today, "assure me that Theodore Roosevelt has carried every district by an overwhelming majority and that he will have the fifty-eight delegates from that state to the national convention. The vote is nearly three to one in favor of Roosevelt as against Taft."

The vote for La Follette is so small that it is negligible, although he was an active candidate in that state and has had an organization vigorously working for him there for several months.

"Moreover, Senator La Follette made one week's campaign in Illinois personally, in the month of January of this year. Illinois is closer to Wisconsin than is any other state in a business way, and Senator La Follette and his splendid work in Wisconsin are well known throughout Illinois."

"His small vote in Illinois is un-

questionably due to the fact that the people there realize that his candidacy has ceased to be a factor in the presidential race since Theodore Roosevelt became a candidate."

Moreover it is generally known in Illinois that in the states east of the Mississippi, Senator La Follette and his work have been misrepresented so much that he has no considerable following and that consequently his candidacy could not possibly prevent the renomination of Taft."

"I was lecturing in New York state only a few days before the primary election and it was generally understood throughout the state that the new primary law was intentionally drawn so as to permit the machine to control the election."

"Under a fair primary law and an honest count, Theodore Roosevelt would unquestionably have defeated Taft in New York state. This is true of practically every state east of the Mississippi river. How much more so it is true of the states west of the Mississippi river!"

Sebastian's Burglarized,
Six Dozen Hose Stolen

Sebastian's store at 306 East Fourth street was burglarized last night some time between dark and 10 o'clock. The thief got away with three dozen pairs of men's hose and an equal number of women's hose. If he got other articles, the proprietor has not found it out.

The burglar gained entrance through a back window. The window was nailed down, but the visitor managed to pry it open. The key to the door was on the inside.

LONDON, April 11.—With hundreds crowding the galleries, thousands were unable to gain admittance when Premier Asquith today presented the Irish home rule bill to the House of Commons. To prevent a suffragette demonstration, tickets of admission were issued only to the wives and daughters of members of parliament.

Urging the adoption of the measure, Premier Asquith said:

"I cannot admit the rights of the relatively small majority of Irishmen at Ulster to veto the will of the vast majority who favor the bill."

An uproar followed Asquith's denunciation as false the declaration of Andrew Bonar Law in Belfast that the government had sold itself to secure the Irish vote. Law leaped to his feet and faced Asquith, then repeated the charge. From the ministerial side of the house came cries of "Muzzle him." When the uproar had subsided Asquith finished his speech.

Sir Edward Carson then attacked the bill as a "direct insult to Ulster."

STOCKTON, April 11.—W. R. Thomas of Oakland was unanimously elected department commander of the G.A.R. of California and Nevada, today at a session of the department encampment. H. C. Osborne of Los Angeles and J. H. Lawrence of Oakland, withdrew in his favor.

The encampment passed resolutions calling on the legislature to provide a home for the widows of Union soldiers, and protesting to Congress against the abolition of the San Francisco pension office.

At 10 o'clock last night one of the

night-watchmen found the rear door open. He locked the door, and telephoned to John Sebastian. Sebastian thought that the door had accidentally been left open when the place was shut up for the night.

This morning he found that the place had been burglarized.

The burglar went to the front of the store and opened the cash register, which contained nothing.

Six boxes of hose had been emptied, the empty boxes being left on the floor.

Mrs. Simons Says Roosevelt

The first political meeting of the campaign addressed by a woman speaker was that held by the Santa Ana Taft Club at Moose hall yesterday afternoon. Mrs. W. L. Deimling, vice president of the club, presided. The speakers were A. H. Stutsmann of Tustin and Mrs. Seward Simons of Pasadena, one of the most prominent leaders in the woman's suffrage campaign. The attendance was not large. The committee of arrangements, of which Mrs. A. J. Lawton was chairman, had the room prettily decorated.

"The attitude of women toward politics," said Mrs. Deimling, "is that of an earnest desire to get the truth. If all voters went to the polls and voted as conscientiously as the women, much would be done."

Judge Stutsmann said that when a young man in the Iowa assembly had introduced a woman's suffrage resolution, the amendments submitted to the people that fall the woman's suffrage amendment alone commanded itself to him.

"This is the most important presidential campaign since 1860," said he. "Owing to unsettled conditions, people are inclined to adopt untried fads as never before. Hitherto I have been classed as a progressive. In this great campaign I am for President Taft."

Stutsmann said that Taft has carried out the policies of the platform. He is a man of peace. He was the author of the resolution for universal peace. Roosevelt's influence defeated the resolution. The country is on the crest of an upheaval, and the next four or eight years will see either universal peace or world-wide war. In my mind Roosevelt rather favors war.

"I favor Taft because he enforces law. His administration has prosecuted more trusts than all his predecessors."

"Tariff? Nobody knows what Colonel Roosevelt thinks about the revision of the tariff. He was president prior to Mr. Taft and he made no effort to reduce the tariff."

"Mr. Taft is a business president." The speaker said the postoffice department has been made self-supporting, and if Taft is re-elected the country probably would get penny postage.

From a deficit of \$50,000,000, the treasury has been raised to \$30,000,000 in the treasury. The administration straightened out the customs house of New York where corruption existed during Roosevelt's term, which Roosevelt never discovered or tolerated.

"I am convinced that any great man of our country should put forth that fake idea of submitting judicial decisions to popular vote of the people. The idea is the merest farce, not sanctioned by any other intelligent man of our country that I know of. I do not think Colonel Roosevelt really believes in it himself."

Mrs. Simons Speaks
"I am for President Taft," said Mrs. Seward Simons in opening her address, "because I am a progressive and because he has made an honest and sincere effort to carry out his policies."

"There is no reason for the humiliation of President Taft by refusing him a second term. This campaign between Colonel Roosevelt and President Taft is one of personalities and not of issues."

"As to the third term, some one has said that Washington refused it. Grant could not get it and Roosevelt shall not have it. Roosevelt himself said the custom was a wise measure, and I cannot see that this country has a dirth of great men. It is a hobgoblin of Roosevelt's mind when he says he only meant a third consecutive term."

"As to the prosecution of trusts, Taft has done twice as much of it in three years as Roosevelt did in seven years."

"President Taft has approached the tariff question rightly. He has appointed a commission to investigate, and to recommend measures after investigations have been made. He begins at the foundation, quietly and sanely. He does not break forth with red fire every time he does something worthy while."

"There were the Hughes commission, and it is to investigate the carrying of second class mail matter. As to the postoffice, for the first time since 1883 it is self-supporting. The postal savings bank plan has proved wonderfully successful."

"If for no other reason, women should favor Taft because of his humanitarian work. He shows great consideration for the workmen. He urges that an industrial commission be appointed. He favors employers' liability measures and the enforcement of safety appliances. He favors every possible step to better the conditions of working women and children."

"President Taft has made some mistakes, perhaps; I do not endorse everything he has done. However, Balinger was appointed to the cabinet

and was commended by Roosevelt. Roosevelt is a great war-lord. Of the Spanish War he said that it was a good enough war as far as it went, only it did not go far enough to get a man to deal with peace questions."

"We want Taft because he is a great, quiet statesman and a humanitarian."

CHILDREN ARE COSTLY
LUXURY IN PRESENT DAY
NEW YORK, April 11.—In these days of high prices for the necessities of life it costs at least \$4000 a year to maintain and educate a child under fifteen years of age. And when a child reaches the age of 15 another \$1000 a year is needed.

Alfred Ronalds Conkling, father of three children, today filed in the surrogate's office these assertions regarding the high cost of living for children who have a social position such as his.

Mr. Conkling's three children inherited a trust fund from the estate of Mr. Ronalds sufficient to produce an income of \$16,000 for them. It is from this income that their father asks to be allowed to draw.

TAFT AND ROOSEVELT MEN
CONTEST FOR STREET ROOM

Gov. Osborn Sends Militia to
Prevent Riot—Armory
May Open Tonight

BAY CITY, Mich., April 11.—Battling in the streets to gain points of vantage around the Armory, where the state Republican convention is scheduled to be held, Taft and Roosevelt adherents are struggling for control.

The doors of the Armory had not been opened at noon, although the convention was scheduled to begin at 10 o'clock this morning. Fearing a riot, Governor Osborn sent a detachment of militia to the scene. The militia and police under Mayor Woodruff are keeping order.

Two sets of admission tickets caused the trouble, and the Roosevelt men are accusing the Taftites of partiality in issuing pastebards. It is predicted that the authorities will not dare to open the doors before tonight.

ROOSEVELT RALLY MET IN
KEYSTONE STATE ON TOUR
PHILADELPHIA, April 11.—Jubilant over his reception throughout Pennsylvania, Colonel Roosevelt announced this afternoon that he will speak in every city and town en route to New York. New records for political crowds were established at Lancaster and Harrisburg. Seventy-five thousand heard his addresses here.

KENTUCKY SEATS TAFT
CONTESTED DELEGATION
LOUISVILLE, Ky., April 11.—The state Republican convention today decided a contest, seating a Kentucky delegation instructed to vote for President Taft in the national convention. The Roosevelt forces say they will not bolt the convention here but will contest the delegation on the charge of fraud.

STATE CONVENTION

Murphy of Tammany Will
Name Delegation to Baltimore Convention

NEW YORK, April 11.—An unrestricted delegation pledged to vote as a unit will represent New York at the Democratic convention in Baltimore, according to prospects at the opening of the state convention here today. Chas. F. Murphy, the Tammany leader, is in control. Murphy is silent as to his presidential choice, but it is believed the New York delegation will cast its first ballot for Mayor Gaynor.

The convention adopted a platform denouncing President Taft's vetoes of the tariff schedules, and lauding the action of the Democratic House.

No opposition has developed to Murphy. It is generally believed that he will name all the ninety delegates, and the delegates at large. The latter will probably be Gov. John A. Dix, Judge Alton Parker, United States Senator O'Gorman and Chas. F. Murphy. The leaders have agreed that the state convention shall be a one-day affair.

NO NOTE AND NO SECURITY

Unusual Suit Brought in the Superior Court Against Arborvale Proprietor

A rather unusual suit on a loan was brought at the courthouse by John Bergan against Marietta E. Morris, proprietor of the Arborvale ranch, two miles above San Juan Hot Springs.

The complaint, filed by Attorney Dick Harding, states that on March 16, 1907, the plaintiff loaned the defendant the sum of \$3,000 the condition of payment being that it should be paid when Mrs. Morris should secure title to the 160 acres on which she lives. No note is alleged, and no security was given, so far as the complaint alleges.

It is alleged that on February 2, 1911, Mrs. Morris secured title to the property, and that since that time Bergan has demanded payment and been refused. Judgment for \$3,000 and interest is demanded.

EGGE NAMED FACTORY HEAD

Man Who Was Superintendent of Anaheim Sugar Co. Plant is Coming Here

The Santa Ana Co-Operative Sugar Co. has employed O. H. Egge, who has been superintendent of the Anaheim Sugar Co., as superintendent of the new factory being built here, to begin his duties on May 1. Concerning Egge H. S. Hadsall says:

"Every stockholder in Anaheim will be sorry to have Egge go, as he is a man of exceptional ability. He was for eight years superintendent at Loveland, Colo., for the Great Western Sugar Company, and came from there to Anaheim in the fall of 1910. The Anaheim plant is proof of his ability both as an engineer and as superintendent. He is a young man who began life with nothing but his ambitions, worked in sugar mills, and on his earnings educated himself so that he has a thorough technical knowledge of the operation of sugar mills. Although a man in the early thirties he is known in the sugar fraternity as one of the best superintendents and factory men in the United States."

The Anaheim Sugar Co. has not decided on a man for the position as yet.

Mr. Egge will move with his family to Santa Ana in the near future.

REVIVAL TO CONTINUE

Christian Church Decides by Vote to Go on With Series of Meetings

(Communicated)

It was a great meeting at the Christian Church last night, when the large audience looked upon the sight of young men giving themselves to the better life. The interest in the meeting seemed at its height. Many short talks were made during the fellowship service in which members expressed themselves as having been delighted with the meetings just closing. At the last moment, when the last word had been spoken, Mr. Lucas expressed himself as feeling that the meeting was closing at the wrong time and asked for a rising vote to continue for a few days. It was carried with enthusiasm, and the sadness of closing was turned into the joy of continuing.

Mr. Lowe will speak tonight upon "The Heart of the Atonement." This will be one of the best sermons of the whole series. Those who hear it will enjoy the discussion of this difficult and delicate subject.

AMUSEMENTS

Symphony Club

The following press notice from the Los Angeles Times of last Tuesday, April 9th, explains itself:

A pleasing concert was given by the Schubert Symphony Club and Lady Quartette, composed of Leeta Corder, Rhea Raven, Anna Pearl Wetherington, Lovie Zandt, Purcell, with Thomas Valentine Purcell in the symphony, at Y.M.C.A. auditorium last night.

The sonorous chords of the quartette were especially effective in Schubert's Serenade, while their wide range of expression found setting in the Strauss finale, "Sunlight, Twilight, Morning."

The soprano solo, "Ah, Fors e Lui," and De Koven's "Nita Gitana" by the contralto, brought cordial recalls for Miss Corder and Mrs. Purcell. The audience showed equal appreciation of Miss Wetherington's readings and the violin work of young Purcell.

The Schubert Symphony Club and Lady Quartette will be in Santa Ana at the Grand Opera House, next Monday evening, April 15, under the auspices of the local Y.M.C.A. Tickets are now on sale at the Rowley Drug Store at the popular prices of 35, 50 and 75 cents.

A Circus of Comedy
Hundreds of people, old and young, will tell you that they go to the circus just to see the fun that the clowns make, so, knowing that to be a fact, Manager Roberts makes it a point to have plenty of good, wholesome comedy in all of his shows, and in the new bill at the Bell tonight and Friday night there will be enough laughs to satisfy all. Two big acts of vaudeville and three reels of pictures, all as good as you can find anywhere.

CHINA LOOKS TO IMPERIAL VALLEY

Will Depend for Cotton Supply
on Famous Section—Would
Sell Coal to United States

Los Angeles Times: That the growing demand for cotton in China is exceeding the supply from the United States and other countries; that the new Chinese republic is looking to Southern California and the Imperial Valley region for a large portion of the future supply, and that the Chinese of Los Angeles have been urged by the Chinese importers' representatives at Hongkong to encourage the cotton industry in this state as far as possible, was learned last night when translated correspondence between the Los Angeles Chinese Consolidated Association and the Chinese Importers' Association of Canton was made public by the secretary at the Chinese-American branch of the organization at Nos. 409-10 Merchants Trust building.

Secretary Harry S. Quan of the Chinese Consolidated Association and representative of the Chinese Chamber of commerce, stated last night that the cotton industry had entered largely into the project for the new steamship line to Hongkong from Los Angeles. He also stated that China expects to do a vast business with the western coast of the United States in its future coal exports, as the government has received reports that the coal supply of the American mines is rapidly diminishing and it believes the United States must call on China for aid.

CHIRIQUI PEAK FATALLY ERUPTS

Thousands Killed by Stream of
Onrushing Lava of
Panama Volcano

MOBILE, Ala., April 11.—Thousands of persons have been killed and whole Indian villages swept away by the eruption of Chiriqui peak, near the town of Toro, Panama, according to a story of Captain Ivisk of the United Fruit steamer Fort Morgan, which arrived here yesterday.

Captain Ivisk says the eruption occurred April 5, early in the morning while the Fort Morgan was berthed near Bocas del Toro, and that he witnessed flames shooting from the peak until he put to sea.

Reports of the large casualty list were brought from the immediate scene to Bocas del Toro by refugees who escaped the onrushing lava.

A FITTING MEMORIAL WILL BE ERECTED

A monument to the memory of the loyal women of the Civil War will become an enduring reality if Congress enacts into a law a joint resolution just introduced by Hon. Elihu Root of New York in the Senate and Hon. James L. Slayden of Texas in the House. This project, which has lain dormant in the minds of the people for almost half a century, has been put into concrete form by the generosity and patriotism of the Commandery of the state of New York of the Military Order of the Loyal Legion of the United States.

It is not proposed to make the monument merely a remembrance of persons and deeds, not merely a memorial of lifeless stone or bronze, but a noble building full of the spirit of helpfulness, of tender sympathy, of humane and patriotic devotion that lived in the women to whom this monument will be erected. This spirit is the spirit of the Red Cross, and for this reason the memorial is to be given to the Red Cross in perpetuity for its headquarters in Washington.

Toward the carrying out of this purpose, the Commandery has pledged itself to secure and give the sum of \$300,000, on condition that Congress appropriate an equal amount as a contribution of the United States toward the purchase of a suitable site in the city of Washington, the improvement of the grounds, etc. Thus the memorial will be made truly national, the tribute of all the people to the sacred memory of the

IF BILIOUS OR CONSTIPATED, PLEASE TRY "SYRUP OF FIGS"

Nothing Like This Delicious Fruit Laxative to Cleanse Your
Stomach, Liver and 30 Feet of Bowels of Sour Bile,
Gases, Poisons and Clogged-up Waste

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system,

without gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

SELLS-FLOTO CIRCUS WILL BE IN SANTA ANA TOMORROW

By this time it is more than probable that most of the big and little folks know that the great Sells-Floto Circus is heading this way and will be with us tomorrow.

This sterling attraction hardly needs any introduction to the amusement loving people of this community because for several years it has been touring the country delighting thousands.

The usual parade will be given at 10:30 o'clock tomorrow morning through the principal streets of the city.

loyal women of the war. The Red Cross, on its part, is to agree to secure an endowment fund, the income of which will be sufficient to maintain the building for all time.

At the banquet of the Loyal Legion held in New York, October 4, 1911, Hon. James M. Beck, in urging the creation of this monument, gave an address from which the following tribute is quoted:

"We need not fear the verdict of the future as to what we now plan to do. There are many memorials to the deathless valor of the brave men, who in the four years from 1861 to 1865 responded to the call of their country and in many cases laid down their lives for its preservation; but not less worthy of commemorative art is the equal patriotism of the women of America, who as truly threw their hearts into the great struggle for the Union, and who freely gave their lives at the no less dangerous posts of duty of the fever-stricken camps, which followed with the scythe of death the march of our mighty armies.

"To the mothers who gave their sons, to the wives who gave their husbands, to the sisters who gave their brothers, to the women who became nurses, to those who in the privacy of their home gave their earnings and all the work of their hands, to one and all, let us erect this noble memorial and in payment of a long-deferred debt, let our memorial be more beautiful than any memorial known to man. Let it stand for all that woman has been in American history."

The first performance will be given at 2:30 in the afternoon and the second at 8:15 at night. Those who wish to purchase tickets earlier can do so by going to the regular ticket wagons, which will be opened on the lot as early as 9 o'clock. Popular prices are still the policy of the Sells-Floto management. 25 cents admits to the performance in its entirety.

Those who would come a little earlier than the time set for the commencement of the performance proper can hear a delightful concert given by the famous military band.

vacy of their home gave their earnings and all the work of their hands, to one and all, let us erect this noble memorial and in payment of a long-deferred debt, let our memorial be more beautiful than any memorial known to man. Let it stand for all that woman has been in American history."

The resolution introduced by Mr. Root and Mr. Slayden is the first step on the part of Congress toward the acceptance of this generous proposal of the Loyal Legion of New York. Appealing as the project does to all that is tender and sacred in the memories of the old and the gratitude of the young, it is believed it will receive the hearty support of a large majority of both houses of Congress.

POSTAL RECEIPTS OF ORANGE ON INCREASE

Water Pipe for Improvements
in Orange Water System
Have Arrived

Orange News: Postal receipts for the quarter ending March 31st, show a substantial gain over the same quarter of 1911. They were brought well up by the showing made in March. The receipts for the month were \$831.84, as against \$678.42 for March, 1911, and for the quarter were \$2,850.37, as against \$2,618.15 in the same quarter of 1911.

Six cars of water pipe have arrived here for use in the new system of water mains authorized in the recent \$50,000 bond issue. They are being disposed of by Superintendent Richardson until preparations are made for laying them.

A party of motorcyclists from this vicinity enjoyed a run to Whittier and Long Beach Sunday, having a very pleasant trip. The riders were: Messrs. William Holditch, Jud Carriker, Willard Smith, Robert Weitbrecht, Ben Brock, Fay Mendenhall, Mike Hunt, Gus Harmon, Joe Maag, Elmer Yordy, Baier, and Ulla Ulm.

McClellan Dead
The death of William W. McClellan, keeper of the Olive tower, occurred at 2:30 o'clock this morning, after the man had lingered at life's brink for many hours. His death was due to a complication of heart and Bright's disease.

William McClellan was formerly night-watchman in Orange and his parents are now residing at 153 North Cypress street. For the last year he has been employed as keeper of the Olive tower on North Glassell.

Born in Cloud county, Kansas, William Winfield McClellan was 38 years of age. He leaves a wife and two small children.

The remains are being held at the Blank undertaking parlors awaiting interment. The funeral will take place Thursday afternoon at Blank's chapel.

Social Affairs
A number of friends were entertained pleasantly Friday evening at the G. W. Shields home on Sycamore and Cypress streets. The affair was in honor of Miss Nancy Shields, being a surprise birthday celebration. The evening was spent in playing games, after which refreshments of ice cream, cake and candy were served.

Those present were: Misses Vera Finster, Edith Romer, Pearl Neamo, Fern Neamo, Kathryn Carlson, Edith Carpenter, Myrtle Stacy, Lucy Shields and Nancy Shields; Messrs. Carl Beltz, Glenn Beltz, George Franzen, Loran Eckles, Homer McPherson, Zura Mecham, Wess Reith-

er, William Rowlands, Orrin Stacy, Saul Shields.

Slumber Party
Miss Lucille Hull was the hostess at a very novel and exceptionally delightful party last evening, a rare treat being enjoyed by the merry company of guests who assembled to pass the evening. The affair was planned as a slumber party for the girls, with a few boys invited in to spend the evening.

Much enjoyment centered around a "wienie" bake, which was a huge success in spite of the rain, as the diners were sheltered beneath a large shed, in front of which a bonfire roared lustily. After stuffing themselves more or less, and having a general good time the boys found that it was time to depart, and splashed home in the rain—delightful trip, etc.

The slumber party then proceeded, and was followed this morning by a trip to the canyon, where the girls spent the day.

Those present last evening were: Misses Viola Lentz, Lillian Pirie, Marjorie Lucas, Evangeline Hull, Lucille Hull; Messrs. Lew Wallace, Otis Briggs, Fred Lentz, Fred Stever, Harold Hull, William Snyder and Master Robert Hull.

REGISTER FOR THE MAY PRIMARY

The Register hopes to see a record-breaking vote polled at the Presidential-preference primaries, on May 14. That's the way for Orange county to manifest its faith in political progressiveness. Electors of both great parties, who believe in more direct government and who believe in progressive principles in politics, should qualify to vote in this primary. The time is short for registering. It must be done this week, and the voter must state his party affiliations when he registers. Otherwise, he cannot participate in the primary.

The Register believes the Presidential-preference primary is a commendable and useful departure, an instrumentality to bring the control of political parties directly into the hands of the rank-and-file membership of the parties. This is what the country needs. This is what the progressive movement in politics means. It signifies that the people are determined to rule the parties and make them useful servants of the people. Register at once, whichever party claims your affiliation. Prepare to make a splendid showing for Orange county by a heavy vote on May 14.

TARIFF NOT AN ISSUE

The Register recently called attention to the sophistry of the claim that the tariff is an issue in the contest between Roosevelt and Taft. Another strong Republican paper published in the citrus district, the Riverside Press, had an editorial along the same lines, which was reprinted in this paper. And now comes the Redlands Facts, a paper of the same class, and emphasizes the same point in a forcible manner. In a recent editorial Editor Lyman King says:

This presidential contest is not between "insurgents" who favor a low tariff and "regulars" who favor high protective duties, but between men and women who stand for the things which Theodore Roosevelt stands for and those who stand for the things which make up the belief of President Taft. To put it in other words, between those who favor the rights of the people and those who favor special privilege. There isn't any tariff issue at stake in the presidential primaries. The tariff will be discussed in the campaign which follows, but it will be on just the same lines if Roosevelt is nominated as it will be if Taft is the nominee. It will not make the Republican party a free trade party to nominate Roosevelt. It will not strengthen it as an advocate of the doctrines of protection to nominate Taft.

GOV. JOHNSON AND VOTES FOR WOMEN

The San Bernardino Sun questions the statement of the Riverside Press that Governor Johnson spoke in favor of the suffrage amendment in his campaign through the state for the adoption of the amendments. The Sun is particularly certain that he said nothing of the kind in Riverside. Well, the editor of the Press was on the platform when the governor spoke in Riverside and he says he distinctly recalls the fact that the Governor urged the people to support all the amendments. He made his position very clear on that point, but said that while he was supporting all the amendments, he was devoting his campaign especially to those attacked "by the interests," the ones dealing with direct legislation and the recall. "At Berkeley, in what the Press believes was his opening speech, he specially urged support of the suffrage amendment. The Press has this on authority of J. M. Eshleman who was present and spoke with the governor. The Sun certainly will not question his veracity.

"Just in passing perhaps the Sun will tell us what Taft ever did for the cause of equal suffrage or what was done in his support in this state by any prominent leader in the Taft movement."

CHEESE — A NEGLECTED FOOD

One of the most common articles of diet is cheese, and yet its value is little appreciated by the general public. One cannot say, in fairness, that cheese has not won favor in this country; for an article that is found in some quantity or other in almost every American home and the yearly output of which is considerably over 300,000,000 pounds in the United States, with a value of nearly \$29,000,000, cannot be regarded as entirely

Register! Register!! NOW!!!

Every voter should bear in mind that registration for the Presidential Primary closes on April 13th. It should also be remembered that only those who in registering have stated their party affiliation can vote at primary elections. Those who in registering declined to state party preference, can have their registration changed in this respect by applying to the county clerk of their home counties before April 13th. The time is short. Act NOW—TODAY.

THE PRIMARY IS THE PLACE OF SUPREME POLITICAL IMPORTANCE

April 13th is the last day for registration for the presidential primary election in California. If you are not registered, see that your name is placed on the register at once. Under the new law, now in force, women are relieved of any and all of the embarrassments which arose under the old law. Do not delay until after April 13th. The primary is the place at which the citizen really makes the policy of his government—by expressing choice as between the leading representatives of distinct policies.

FIRST GUN OF ROOSEVELT CAMPAIGNING THURSDAY NIGHT

Thursday night, at Spurgeon's Hall, Chester H. Rowell, editor of the Fresno Republican, will speak on the issues of the campaign as involved in the Presidential preference primary to be held May 14.

Mr. Rowell is regarded as one of the ablest editorial writers in the state, and he is an interesting forceful speaker.

Above all, Mr. Rowell is absolutely sincere and fair. The meeting will be held under the auspices of the Santa Ana Republican Roosevelt Club, and President Grubb and Secretary Lamme are making all arrangements for a most interesting and profitable meeting.

Ladies especially and all voters cordially invited to attend.

We Want A Home

From Address of R. J. Hamilton, County Y. M. C. A. Secretary, at Y. M. C. A. Banquet Tuesday Evening

We want a home for our Y.M.C.A., a home where our family of boys and young men and older men can get together under wholesome auspices, and where they can receive the help they need, and have the good times for which they long, and without the need of apology for their surroundings or companions.

We want a home where our boys and men can receive any day in the week the help needed in the constant fight against temptation and sin.

We want a home where Christ is recognized and where Christian men are ever ready to help the fallen and to save others from falling. We want a home where tired, shopworn, and office-weary men can recreate and renew their strength under the skillful direction of a trained stalwart, Christian athlete.

We want a home where youths, regardless of creed or denomination, can study the Bible together to receive inspiration and help in their fight for character.

We want a home where the youth can receive education to supplement his lack and fit him for greater usefulness, for a better position, and for greater remuneration.

We want a home where boys and men can be taught how to swim and save life in the water.

We want a home where shower baths can help in producing that cleanliness which is said to be "next to Godliness."

We want a home where clean Christian athletes can become the heroes of boys now worshipping Nick Carter, Diamond Dick or some prize-fighter.

We want a home where parents can send their sons knowing that they will be among Christian leaders and upright companions.

We want a home where exuberant youth can let off steam and make noise without violating any laws of home, school, church, or state.

We want a home for a social, recreative, and community center for men and boys desirous of uplifting environment.

We want a home to help counteract the ever vigilant forces of evil.

We want a home for the homeless young man where only the best influences are present.

We want a home where the stranger may receive help in securing a position, where he can be helped to find a home, and where parents in distant states may know that their sons are in homelike surroundings and among helpful friends and associates.

We want a home dominated by the spirit of Jesus Christ, who as a young man among men, tempted but without sin, went about doing good; a home where men and boys can come into close relation with Him and receive encouragement and inspiration to live for Him and work for the good of others.

MAY THIS HOME SOON COME!

unpopular. Despite these enormous figures, there is a prevalent current belief that cheese is prone to produce physiologic disturbances and that, as the expression goes, it is "hard to digest."

The nutrition experts of the United States Department of Agriculture have been investigating the case of the American public versus cheese. The facts and findings are essentially as follows: Cheese of various types, eaten raw or carefully cooked, compares favorably with other foods in thoroughness of digestion in healthy man. It does not cause constipation or induce other physiologic upsets, even when eaten in abundance. Cheese is more than readily digestible; it is highly nutritious, comparing in this respect with other combinations like meat, fish and eggs; and above this, cheese is an economical food, competing easily with the foregoing from the standpoint of cost and nutritive efficiency. If the causes for the familiar indifference to cheese as a more central feature of the diet are sought, they probably lie in part, according to The Journal of the American Medical Association, in the continued popularity of the more expensive meat in this country and in the fact that our housekeepers lack the culinary experience which would bring cheese into a more prominent role on the bill of fare.

LONG BEACH WILL BUILD THREE NEW SCHOOL HOUSES

LONG BEACH, April 11.—The board of education will advertise for competitive plans and specifications for the three school houses included in the recently voted bond issue of \$100,000. The board plans to erect an eight-room building at the East Fourth street site, the cost of which shall not exceed \$25,000; a six-room school house costing \$18,000 on a Temple avenue site, and a six-room structure at the corner of Linden avenue and Fifteenth street.

A part of the money voted by the school district will be used in purchasing additional ground for the Linden avenue, East Fourth street and Temple avenue sites.

STEAMER ONTARIO IS BATTERED HULK AT MONTAUK POINT

MONTAUK POINT, L. I., April 11.—Wedged fast on a reef 600 feet from the shore, the steamer Ontario, run on the rocks early Monday, lies a flames-wreathed and battered hulk with a heavy surf threatening to break her to pieces any moment.

Every pound of her cargo except what was jettisoned yesterday, went up in smoke during the gale Tuesday night.

It is believed the entire crew of forty were rescued and that the two men reported missing were taken aboard a wrecking tug.

REBELS MARCH ON SANTA ROSALIA

500 Federals May be Haited by Fernandez—Fountain's Death Confirmed

EL PASO, April 11.—Five hundred Mexican federals are marching on Santa Rosalia. General Fernandez, with a detachment of rebels, is hurrying to the aid of the city. He expects to intercept the federals en route.

Despite the state department's order for the release of A. C. Heberlein, the Los Angeles engineer confined in jail at Jimenez, the reports today make no mention of Heberlein.

FOUNTAIN'S DEATH IS CONFIRMED BY REPORTS MEXICO CITY, April 11.—Official confirmation was received today of the execution by rebels of Thomas Fountain, an American officer in General Villa's federal army.

REBELS FIRE ON WEST COAST TRAIN TODAY NOGALES, Ariz., April 11.—Three Mexicans were seriously wounded, and all the windows in the Pullmans were shattered when a large detachment of rebels fired on a West Coast train below Guaymas today. The passengers dropped to the car floors at the first volley. Three bullets went through the engineer's hat. Forty American refugees were aboard.

HAPPY SOCIAL EVENT

Mr. and Mrs. C. V. Davis Hosts at Progressive Whist Party Last Night

As the guests invited to the charming whist party given last night by Mr. and Mrs. C. V. Davis, entered the beautiful home of the Davises on North Broadway, they stepped from the darkness of a chilly rainy night into a scene of beauty. The spacious and handsomely furnished rooms were radiant with the brilliancy of electric lights and the glow of delicate pink Cherokee roses, while the pretty evening dresses of the ladies lent additional color and charm to the scene, helping to accentuate the contrast between the cheerful interior and the drizzling gloom outside.

A sufficient number of the invited list of guests braved the storm to make up thirteen tables of players during the evening of progressive whist. As the games were in progress, sweet music from a Victrola melodiously entertained the players. An elegant linen luncheon cloth was awarded Mrs. Henry Rutherford for high score, and Mrs. Saffner took the consolation prize, a cut glass salt and pepper shaker. F. W. Fuller was winner of gentlemen's first prize, a handsome stein. Messrs. J. P. Baumgartner and Wm. Makae cut for the consolation prize, Mr. Makae being successful in the cut. He also was awarded a stein.

The color scheme of pink, prevailing in the house decorations, was carried through the refreshments and appointments. Pink Cherokee roses adorned the trees, a single beautiful flower nodding from each individual tree. Small cakes frosted in white were embellished with confectionery roses of pink, and the mints were in the same roseate tint.

Mrs. Davis was efficiently assisted in entertaining and receiving by Mrs. F. W. Fuller, Mrs. A. W. Rutan and Mrs. J. I. Clark. Mrs. Clark was also the winner of an attractive sofa cushion cover, having drawn a blank from a basket containing numbers passed among the guests.

HOME WEDDING

Beautiful Nuptials in Which Miss Agnes Martin is Wedded to Mr. Roy Adams

Last evening Miss Agnes Martin and Mr. Roy Adams were the principals in a very pretty wedding at the bride's home on Chestnut avenue.

The bride was gowned in soft cream silk and carried a bouquet of white rosebuds and maidenhair fern. The maid of honor, Miss Maude Williamson, wore blue messaline and carried pink rosebuds.

Mr. James Nuckolls sang very effectively, "Song of a Heart." Miss Eva Martin, sister of the bride, accompanied him and playing the Lohengrin Bridal Chorus.

The bridal party came down the stairs, which were decorated with smilax and Cherokee roses, and took their places under a canopy of the same flowers and greenery arranged in the archway of the front parlor.

The bride was preceded by her maid of honor and was attended by her father, Mr. Charles Martin, acted as best man, Rev. George S. Clark of San Bernardino, a former pastor of the M. E. Church South of this city, officiated, using the beautiful ring ceremony.

After congratulations light refreshments were served. The young people were taken in a machine to the nine o'clock electric duty loaded with rice and cast-off booty.

Only relatives and intimate friends were present. Many handsome gifts were received as tokens of the good wishes of their best of friends. After a few days' visit with relatives Mr. and Mrs. Adams will go to their beautiful new home in Imperial where Mr. Adams is cashier of the Imperial Water Company.

Daniel-North

A romantic marriage was that of Miss Tooka North of Los Angeles and Lee A. Daniel of Santa Ana, taking place in San Bernardino last Saturday. The marriage terminated an engagement of several years, and was accomplished on the spur of the moment after the two had met by chance on a San Bernardino bound train. The newly weds returned here Saturday evening and took an apartment at the Power apartment house on Ross street. Both are well known here, the bride having resided here with her grandmother, Mrs. North, and the groom being the son of the prominent attorney, F. O. Daniel. They were classmates in the high school and were to have been married in a few weeks. Since the disclosure of their romantic wedding, Mr. and Mrs. Daniel have been receiving congratulations.

RAINFALL NOW EIGHT INCHES

At 12:15 o'clock today there was a hard shower of rain with some hail, accompanied by a few streaks of lightning and thunder. It is feared that some damage was done to the crops now setting. The rainfall last night was 25 inch, according to Justice Copeland's gauge, and the fall to day up to 2 o'clock was 65 inch, making about nine-tenths of an inch in the last twenty-four hours. The season's fall now is 8.30 inches.

Pleads Ignorance

Rosinda Chavarria, who pleaded guilty two days ago to criminal assault upon Maria Teague, aged 13, stated today when he came up for sentence that he did not know what he was doing, that he thought he was merely getting time to think it over. That Judge West thinks Chavarria had been advised to make this statement by Rosario Sainz was shown by the question:

"Did Rosario Sainz talk to you about this?"

"No."

"Do you know Sainz?"

"No."

Sentence was postponed until tomorrow morning.

Chavarria has been confined with Sainz, and he asked Jailer Jernigan to have Sainz appointed as his interpreter.

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to grow all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

ANAHEIM TO UTILIZE ORANGE CULLS

Waste of Fruit Not Necessary
—Anaheim is Considering the Matter

Anaheim Gazette: The disposition of orange culls and low grade fruit which has been discussed by the Board of Trade at various times received a new impetus Monday night when Charles Eysenbrod introduced a paper showing that a Pittsburg chemist, who has been making experiments, has recently discovered that the rejected fruit can be made a valuable product.

Important discoveries, it said, are reported to have been made in the industrial world, through which the entire orange crop can be utilized in commerce. After a few months' work the chemists at the university have succeeded in preserving the pure juices of citrus fruits without the use of artificial and injurious preservatives. From the fragrant blossoms that adorn the blushing bride's corsage to the least neglected seed in the cull, everything in the orange henceforth will serve man, instead of allowing one-third of the great crops to rot on the ground, no element in this favorite fruit will be lost.

The orange cull as all shippers and fruit dealers well know, is not fruit which has shown decay. The cull may be of inferior size or show a slight bruise, but in all other respects be just as good for commercial purposes as the A1 quality. Here is a bulletin recently issued by the United States government which tells this story in figures:

California oranges, 28,317 cars, value \$28,317,000, approximate loss \$424,750, percentage of loss 1.5.
California lemons 4782 cars, value \$4,782,000, approximate loss \$358,650, percentage of loss 7.5.

Florida oranges 6,000,000 boxes, value \$9,000,000, approximate loss \$630,000, percentage of loss 7 per cent.

The paper was referred to the committee on manufacturing and it is possible that a factory will be established here for the transformation of the waste fruit into a marketable commodity.

Mr. Eysenbrod was appointed a committee of one to secure all possible information on the amount of fruit available for this purpose.

H. M. Adams of the boosters' committee reported that it had been decided to postpone the trip until early in May owing to the uncertainty of the weather at this season.

G. L. Dietrich stated that an automobile party consisting of 500 persons and one hundred and fifty machines would pass through Anaheim about April 15 in the interest of the proposed state highway, and suggested that Orange County get busy and welcome them in suitable form. It was decided to request the street commissioner to have the streets along the line cleaned up so the party will see Anaheim at its best.

The Sunset Motion Picture Company, of San Francisco, which is arranging a tour of the United States, submitted a proposition to the board, agreeing to exhibit films of Anaheim for a proper consideration. It was referred to the advertising and publicity committee.

BITE OF DOG WAS SERIOUS FOR DOG

Anaheim Gazette: Alex Henderson of Fullerton had an encounter with a vicious bulldog Friday, and the results were a badly lacerated leg and a dead dog. Henderson was walking down Chapman avenue and the dog, which belonged to Mr. Rhodes of the Santa Fe, attacked him without warning or provocation, sinking his teeth into the calf of his leg, causing an ugly wound.

Henderson went after his revolver and returning to the Rhodes home killed the dog, then had his leg dressed by a physician. The dog had shown no signs of rabies, but Henderson's impetuosity in killing him prevents future developments or examination. He thinks the dog was simply a vicious brute and attacked him because of its ill nature.

GOOD TIDINGS FROM SAN JACINTO

Great Excitement Over New Water Discovery

An immense Underground Lake of well kept fruit orchards than any other section of equal size in the whole state of California, and we state further that they will show a much greater percentage of profit. There is no scale or pests to fight; or failures to sadden the heart.
A committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all of our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. The San Jacinto Board of Trade, San Jacinto, Cal.

LOS ANGELES PRODUCE MARKET

There was little in the way of features. Continued showers for the past several days served to lessen receipts of vegetables from nearby growers, but the demand from the retail trade and shipments was such that the market has shown no material change. Cauliflowers, asparagus, artichokes and celery were the center of attraction in this market and prevailing prices were firmly upheld.

Lettuce was inclined to be weak and only extra fancy stock commanded \$1 per crate. Considerable stock was shipped to northern points.

Peas were plentiful with a wide range of prices shown. The best offerings were held at 9 cents per pound.

In the market for citrus fruits oranges moved fairly well. The demand was for standard sizes. There was a better demand for grape fruit under the revised quotations of the previous day.

Apples were weak, and purchasers were able to name their own prices for ordinary red varieties. Bananas continued to arrive in large quantities, but the best stock was held at 4 cents per pound.

No change was shown in the egg market. There was a good outlet for all grades at quoted prices. Receipts were 852 cases.

Butter was steady. The call was for creamery stock, which moved out at prevailing prices. Ladle and country grades were dull. The San Francisco market was reported firm at 28 1/2 cents. Arrivals were 33,380 pounds.

The only change shown in the cheese market was the placing of the quotations on both domestic Swiss block and wheel cheese back to 24 cents per pound. This was because the demand was such under the revised quotation of 20 cents that dealers had no trouble in placing the quotation back to 24 cents. Other varieties were firm. Receipts were 4004 pounds.

Another decline of 25 cents a hundredweight was shown in Highland potatoes, the market going to \$2.25 and \$2.50. Other varieties showed no change. Conflicting opinions from dealers make it difficult to obtain a line on the local situation. Some insisted that nothing but a downward tendency would result from the continued liberal receipts. Arrivals were 2471 cases.

Onions were firm at prevailing quotations. The supply of new Bermuda from Mexico moved well at from \$2 to \$3.00 per crate. No receipts were reported in.

No bean or sweet potato arrivals came to hand. Both markets were firm and featureless.

KEEP YOUR EYE

On the Yucaipa Valley. You will hear much about it in the future. The development now going on there is the finest in Southern California. It is the last of our undeveloped valleys right here in Southern California to be put under irrigation. It has no rival whatever. It is sure to become one of the show places of the fruit growing district. The elegant water supply and distributed system; the Placentia soil, the best there is, the surprising results obtained by fruit growers and the profitable crops of all kinds now grown in the valley, are attracting homesteaders by the hundreds. In fifteen months over six hundred thousand dollars' worth of 5, 10 and 20 acre ranches, sold. You ought to behold the spring time in this evergreen valley. See the busy scene of tree planting, seeding, grading streets, laying pipe, and building houses, schools, churches, and stores. Here a few hundred dollars lays the foundation for a fortune. The elevation gives a cool climate in summer and no fogs or damaging winds. Twice a week we go up to the valley. At Redlands we take our big automobiles and show our visitors through the valley, returning to Santa Ana the same day. The land is sold on easy payments. There are no stones, no cactus, no brush. No extra expense for anything. All is ready for you to get busy. Go with us and see for yourself.

REDLANDS VERSUS SANTA ANA HIGH

Redlands Facts: Friday afternoon at 3 o'clock the Redlands high school baseball team will play its first game of the season, its contestants being the high school team from Santa Ana, an organization which is strong in amateur baseball.

What Redlands will be able to do to the visitors is problematical, but the boys are doing good practice and

will go into the game with the idea that faint heart never won a baseball game and they will put all of their energy into the contest.

This game is not a league game, but is practice preparatory to the events to come later in the season.

Manager Canterbury is unable to give the lineup at this time, but it is safe to say that he will have a strong team on the diamond when the umpire calls "Play ball."

We are here to stay and are not connected with any other laundry. The People's New Laundry, 901 E. Fifth St. Both phones.

BISHOP HAS EXHIBIT SHOWING FRUIT PEST

County Horticultural Commissioner Bishop has received a small exhibit showing the Mediterranean fly, one of the worst known fruit pests. The insect is about one-third in size of the ordinary house fly. It lays its eggs in ripening fruit, which soon becomes full of maggots. All Hawaiian fruit except bananas and pineapples are quarantined from coming to this state. As yet the fly has put in no appearance in this state.

U. S. MUST BE FIRST IN HEARTS OF HER CITIZENS, HE SAID

SEATTLE, Wash., April 11.—Superior Judge A. W. Frater denied the application of Lars Emanuel Boman yesterday for naturalization because Boman said he might stand by his labor union in preference to the government of the United States. The courtroom was filled with applicants waiting for their citizenship papers and Judge Frater told them that if any entertained ideas similar to Boman's they might retire. A dozen left at once.

CAG RULE MODIFIED

Taft's New Order Permits Civil Service Employees to Now Petition Congress
WASHINGTON, April 11.—President Taft yesterday by executive order modified the so-called civil rule on civil service employees, which practically forbade them to petition congress, except under certain restricted conditions. The new order permits civil service employees to forward petitions to congress or any of its committees through the heads of their departments. Heretofore they could petition only by authority of the department heads.
